Subject Index

Adrenal gland diseases
serum cortisol: predictor of mortality in sepsis? (Cook et al) 1992;7:84 (Analytic review)

Analgesics
analgesics and sedatives for critically ill infants and children (Lin) 1992;7:221 (Editorial)
sedation in neonatal and pediatric intensive care (Arnold and Truog) 1992;7:244 (Analytic review)

Anoxemia
effect of bronchoalveolar lavage on gas exchange in patients with diffuse lung disease and respiratory failure (Shapiro et al) 1992;7:149 (Original research)

Antibodies, monoclonal
critical appraisal of therapeutic interventions in the intensive care unit: human monoclonal antibody treatment in sepsis (Cook et al) 1992;7:275 (Analytic review)

Bacteria
bacterial translocation and its potential role in the pathogenesis of multiple organ failure (Mainous and Deitch) 1992;7:101 (Analytic review)
blood-borne infections associated with transfusion (Ulrich and Vyas) 1992;7:67 (Analytic review)
gut-origin sepsis: bacteria or bacterial products? (Huang and Herndon) 1992;7:50 (Editorial)

Balloon dilation
bleeding esophageal varices: to balloon or not to balloon (Hermann) 1992;7:174 (Editorial)
indications, technique, and complications of balloon tamponade for variceal gastrointestinal bleeding (Cook and Laine) 1992;7:212 (Analytic review)

Bleeding. *See* **Hemorrhage**

Blood gas analysis
effect of bronchoalveolar lavage on gas exchange in patients with diffuse lung disease and respiratory failure (Shapiro et al) 1992;7:149 (Original research)

Blood smears
rapid and definitive diagnosis of infectious diseases using peripheral blood smears (Lehmann and Spivak) 1992;7:36 (Review of large clinical series)

Blood transfusion
blood-borne infections associated with transfusion (Ulrich and Vyas) 1992;7:67 (Analytic review)
immunosuppressive aspects of blood transfusion (Mickler and Longnecker) 1992;7:176 (Analytic review)
is the blood transfusion effect real? (Tartter) 1992;7:167 (Editorial)

Book reviews
The Arterial Pulse, by O'Rourke et al (Mutone) 1992; 7:339
Critical Care Imaging, ed 3, by Goodman and Putman (Brandstetter) 1992;7:339

Book reviews
The Arterial Pulse, by O'Rourke et al (Mutone) 1992; 7:339
Critical Care Imaging, ed 3, by Goodman and Putman (Brandstetter) 1992;7:339

Drug Therapy, Vol 8, edited by Oates and Wood (Stein) 1992;7:109
Manual of Clinical Problems in Pulmonary Medicine, edited by Bordow and Moser (Casino) 1992;7:165
Bronchoalveolar lavage
effect of bronchoalveolar lavage on gas exchange in patients with diffuse lung disease and respiratory failure (Shapiro et al) 1992;7:149 (Original research)

Cancer. *See* **Neoplasms**
Candida
life-threatening *Candida* infections in the intensive care unit (Franklin and Metry) 1992;7:127 (Analytic review)
Cardiovascular system
transport of critically ill patients (Fromm and Dellinger) 1992;7:223 (Analytic review)
Child
analgesics and sedatives for critically ill infants and children (Lin) 1992;7:221 (Editorial)
sedation in neonatal and pediatric intensive care (Arnold and Truog) 1992;7:244 (Analytic review)
Coronary disease
transesophageal echocardiography (Tee and Shah) 1992;7:113 (Analytic review)
Cortisol. *See* **Hydrocortisone**
Critical appraisal
critical appraisal of therapeutic interventions in the intensive care unit: human monoclonal antibody treatment in sepsis (Cook et al) 1992;7:275 (Analytic review)
systemic evaluation of critical care literature: a case analysis (Bone) 1992;7:337 (Editorial)
Cross infection
elimination or propagation of pneumonia in the intensive care unit: a challenge for critical care technology (Niederman) 1992;7:1 (Editorial)
pneumonia in the intensive care unit setting (Gleeson and Reynolds) 1992;7:24 (Analytic review)

Delirium
medical and neuropsychiatric complications associated with use of the intraaortic balloon pump (Sanders et al) 1992;7:154 (Review of large clinical series)
Diabetic ketoacidosis
diabetic ketoacidosis: pathophysiology, management and complications (Bratton and Krane) 1992;7:199 (Analytic review)
diabetic ketoacidosis in the intensive care unit: advances in recognition, treatment, and prevention (Santiago) 1992;7:172 (Editorial)
Dialysis
indications, technical considerations, and strategies for renal replacement therapy in the intensive care unit (Golper) 1992;7:310 (Analytic review)
Diuretics, thiazide
47-year-old woman with hypotension and recurrent pulmonary infiltrates (Smyrnios et al) 1992;7:261 (Clinicopathological conference)

Echocardiography
transesophageal echocardiography (Tee and Shah) 1992;7:113 (Analytic review)
Endotracheal intubation
complications of tracheal intubation (Sharar and Bishop) 1992;7:12 (Analytic review)
Esophageal and gastric varices
bleeding esophageal varices: to balloon or not to balloon (Hermann) 1992;7:174 (Editorial)
indications, technique, and complications of balloon tamponade for variceal gastrointestinal bleeding (Cook and Laine) 1992;7:212 (Analytic review)
Ethylene glycols
ethylene glycol intoxication: still not simple (Shannon) 1992;7:219 (Editorial)
ethylene glycol intoxication (Kruse) 1992;7:234 (Analytic review)

Factitious disorders
47-year-old woman with hypotension and recurrent pulmonary infiltrates (Smyrnios et al) 1992;7:261 (Clinicopathological conference)
Fluid therapy
hypertonic-hyperoncotic solutions: the ideal prehospital fluid for trauma victims? (Schackford) 1992;7:170 (Editorial)
use of hypertonic-hyperoncotic fluids for resuscitaiton of trauma patients (Vassar and Holcroft) 1992;7:189 (Analytic review)
Fungi
life-threatening *Candida* infections in the intensive care unit (Franklin and Metry) 1992;7:127 (Analytic review)

Gas exchange. *See* **Blood gas analysis**
Gastrointestinal system
bacterial translocation and its potential role in the pathogenesis of multiple organ failure (Mainous and Deitch) 1992;7:101 (Analytic review)
gut-origin sepsis: bacteria or bacterial products? (Huang and Herndon) 1992;7:50 (Editorial)
Glomerular filtration rate
evaluation of glomerular filtration rate in intensive care unit patients (Lindberg and Copley) 1992;7:283 (Analytic review)
Gut. *See* **Gastrointestinal system**

Heart diseases
syncope (Silver and Alpert) 1992;7:138 (Analytic review)
transesophageal echocardiography (Tee and Shah) 1992;7:113 (Analytic review)
Hemodialysis
Indications, technical considerations, and strategies for renal replacement therapy in the intensive care unit (Golper) 1992;7:310 (Analytic review)
Hemodynamics
transesophageal echocardiography (Tee and Shah) 1992;7:113 (Analytic review)

Hemorrhage
bleeding esophageal varices: to balloon or not to balloon (Hermann) 1992;7:174 (Editorial)
indications, technique, and complications of balloon tamponade for variceal gastrointestinal bleeding (Cook and Laine) 1992;7:212 (Analytic review)
Vitamin K deficiency (Lipsky) 1992;7:328 (Analytic review)
Hepatitis
blood-borne infections associated with transfusion (Ulrich and Vyas) 1992;7:67 (Analytic review)
Hydrocortisone
serum cortisol: predictor of mortality in sepsis? (Cook et al) 1992;7:84 (Analytic review)
Hyperthyroidism
significance of alterations in thyroid function test results in the critical care setting (Mahoney and Wartofsky) 1992;7:318 (Analytic review)
Hypertonic-hyperoncotic solutions
hypertonic-hyperoncotic solutions: the ideal prehospital fluid for trauma victims? (Schackford) 1992;7:170 (Editorial)
use of hypertonic-hyperoncotic fluids for resuscitaiton of trauma patients (Vassar and Holcroft) 1992;7:189 (Analytic review)
Hypnotics and sedatives
analgesics and sedatives for critically ill infants and children (Lin) 1992;7:221 (Editorial)
sedation in neonatal and pediatric intensive care (Arnold and Truog) 1992;7:244 (Analytic review)
Hypotension
47-year-old woman with hypotension and recurrent pulmonary infiltrates (Smyrnios et al) 1992;7:261 (Clinicopathological conference)
Hypothyroidism
significance of alterations in thyroid function test results in the critical care setting (Mahoney and Wartofsky) 1992;7:318 (Analytic review)
Hypoxemia. *See* **Anoxemia**

Immunosuppression
immunosuppressive aspects of blood transfusion (Mickler and Longnecker) 1992;7:176 (Analytic review)
is the blood transfusion effect real? (Tartter) 1992;7:167 (Editorial)
Immunotherapy
critical appraisal of therapeutic interventions in the intensive care unit: human monoclonal antibody treatment in sepsis (Cook et al) 1992;7:275 (Analytic review)
Infant
analgesics and sedatives for critically ill infants and children (Lin) 1992;7:221 (Editorial)
sedation in neonatal and pediatric intensive care (Arnold and Truog) 1992;7:244 (Analytic review)
Infection
blood-borne infections associated with transfusion (Ulrich and Vyas) 1992;7:67 (Analytic review)
elimination or propagation of pneumonia in the intensive care unit: a challenge for critical care technology (Niederman) 1992;7:1 (Editorial)
gut-origin sepsis: bacteria or bacterial products? (Huang and Herndon) 1992;7:50 (Editorial)
life-threatening *Candida* infections in the intensive care unit (Franklin and Metry) 1992;7:127 (Analytic review)
multiple organ failure syndrome—part II: prevention and treatment (Heard and Fink) 1992;7:4 (Analytic review)
pneumonia in the intensive care unit setting (Gleeson and Reynolds) 1992;7:24 (Analytic review)
rapid and definitive diagnosis of infectious diseases using peripheral blood smears (Lehmann and Spivak) 1992;7:36 (Review of large clinical series)
sepsis: new ideas, clearer definitions (Bone) 1992;7:49 (Editorial)
septic shock (Parker and Fink) 1992;7:90 (Analytic review)
serum cortisol: predictor of mortality in sepsis? (Cook et al) 1992;7:84 (Analytic review)
Inflammation
inflammatory response (Williams and Maier) 1992;7:53 (Analytic review)
Insulin
diabetic ketoacidosis: pathophysiology, management and complications (Bratton and Krane) 1992;7:199 (Analytic review)
diabetic ketoacidosis in the intensive care unit: advances in recognition, treatment, and prevention (Santiago) 1992;7:172 (Editorial)
Intoxication. *See* **Poisoning**
Intra-aortic balloon pumping
medical and neuropsychiatric complications associated with use of the intraaortic balloon pump (Sanders et al) 1992;7:154 (Review of large clinical series)
Intubation, intratracheal
complications of tracheal intubation (Sharar and Bishop) 1992;7:12 (Analytic review)

Kidney
evaluation of glomerular filtration rate in intensive care unit patients (Lindberg and Copley) 1992;7:283 (Analytic review)

Literature
systemic evaluation of critical care literature: a case analysis (Bone) 1992;7:337 (Editorial)
Lung
pulmonary manifestations of neurological disease (Colice) 1992;7:293 (Analytic review)
Lung diseases
effect of bronchoalveolar lavage on gas exchange in patients with diffuse lung disease and respiratory failure (Shapiro et al) 1992;7:149 (Original research)

Monoclonal antibodies. *See* **Antibodies, monoclonal**
Mortality
serum cortisol: predictor of mortality in sepsis? (Cook et al) 1992;7:84 (Analytic review)

Multiple organ failure
bacterial translocation and its potential role in the pathogenesis of multiple organ failure (Mainous and Deitch) 1992;7:101 (Analytic review)
inflammatory response (Williams and Maier) 1992;7:53 (Analytic review)
multiple organ failure syndrome—part II: prevention and treatment (Heard and Fink) 1992;7:4 (Analytic review)

Neonate. *See* **Infant**
Neoplasms
immunosuppressive aspects of blood transfusion (Mickler and Longnecker) 1992;7:176 (Analytic review)
Neuropsychology
medical and neuropsychiatric complications associated with use of the intraaortic balloon pump (Sanders et al) 1992;7:154 (Review of large clinical series)
Nosocomial infection. *See* **Cross infection**
Nutrition
multiple organ failure syndrome—part II: prevention and treatment (Heard and Fink) 1992;7:4 (Analytic review)

Pediatrics. *See* **Child**; **Infant**
Peripheral blood smears. *See* **Blood smears**
Pneumonia
elimination or propagation of pneumonia in the intensive care unit: a challenge for critical care technology (Niederman) 1992;7:1 (Editorial)
pneumonia in the intensive care unit setting (Gleeson and Reynolds) 1992;7:24 (Analytic review)
Poisoning
ethylene glycol intoxication: still not simple (Shannon) 1992;7:219 (Editorial)
ethylene glycol intoxication (Kruse) 1992;7:234 (Analytic review)
Prothrombin time
Vitamin K deficiency (Lipsky) 1992;7:328 (Analytic review)
Pulmonary edema
47-year-old woman with hypotension and recurrent pulmonary infiltrates (Smyrnios et al) 1992;7:261 (Clinicopathological conference)
Pulmonary manifestations. *See* **Lung**

Renal function. *See* **Kidney**
Renal replacement therapy
Indications, technical considerations, and strategies for renal replacement therapy in the intensive care unit (Golper) 1992;7:310 (Analytic review)
Respiration
pulmonary manifestations of neurological disease (Colice) 1992;7:293 (Analytic review)
Respiration, artificial
multiple organ failure syndrome—part II: prevention and treatment (Heard and Fink) 1992;7:4 (Analytic review)
Respiratory distress syndrome, adult
inflammatory response (Williams and Maier) 1992;7:53 (Analytic review)
Respiratory insufficiency
effect of bronchoalveolar lavage on gas exchange in patients with diffuse lung disease and respiratory failure (Shapiro et al) 1992;7:149 (Original research)
Respiratory system
transport of critically ill patients (Fromm and Dellinger) 1992;7:223 (Analytic review)

Sedatives. *See* **Hypnotics and sedatives**
Septicemia
critical appraisal of therapeutic interventions in the intensive care unit: human monoclonal antibody treatment in sepsis (Cook et al) 1992;7:275 (Analytic review)
gut-origin sepsis: bacteria or bacterial products? (Huang and Herndon) 1992;7:50 (Editorial)
rapid and definitive diagnosis of infectious diseases using peripheral blood smears (Lehmann and Spivak) 1992;7:36 (Review of large clinical series)
sepsis: new ideas, clearer definitions (Bone) 1992;7:49 (Editorial)
septic shock (Parker and Fink) 1992;7:90 (Analytic review)
serum cortisol: predictor of mortality in sepsis? (Cook et al) 1992;7:84 (Analytic review)
Shock, septic
gut-origin sepsis: bacteria or bacterial products? (Huang and Herndon) 1992;7:50 (Editorial)
rapid and definitive diagnosis of infectious diseases using peripheral blood smears (Lehmann and Spivak) 1992;7:36 (Review of large clinical series)
sepsis: new ideas, clearer definitions (Bone) 1992;7:49 (Editorial)
septic shock (Parker and Fink) 1992;7:90 (Analytic review)
serum cortisol: predictor of mortality in sepsis? (Cook et al) 1992;7:84 (Analytic review)
Syncope
syncope (Silver and Alpert) 1992;7:138 (Analytic review)

Technology
elimination or propagation of pneumonia in the intensive care unit: a challenge for critical care technology (Niederman) 1992;7:1 (Editorial)
pneumonia in the intensive care unit setting (Gleeson and Reynolds) 1992;7:24 (Analytic review)
Thiazides. *See* **Diuretics, thiazide**
Thyroid function tests
significance of alterations in thyroid function test results in the critical care setting (Mahoney and Wartofsky) 1992;7:318 (Analytic review)
Trachea
complications of tracheal intubation (Sharar and Bishop) 1992;7:12 (Analytic review)
Transesophageal echocardiography. *See* **Echocardiography**

Transportation of patients
transport of critically ill patients (Fromm and Dellinger) 1992;7:223 (Analytic review)
Trauma. *See* **Wounds and injuries**

Vascular diseases
syncope (Silver and Alpert) 1992;7:138 (Analytic review)
Ventilation
pulmonary manifestations of neurological disease (Colice) 1992;7:293 (Analytic review)
Vitamin K
Vitamin K deficiency (Lipsky) 1992;7:328 (Analytic review)

Wounds and injuries
hypertonic-hyperoncotic solutions: the ideal prehospital fluid for trauma victims? (Schackford) 1992;7:170 (Editorial)
use of hypertonic-hyperoncotic fluids for resuscitaiton of trauma patients (Vassar and Holcroft) 1992;7:189 (Analytic review)
